

LOCAL MATTERS.

WEATHER PROBABILITIES, June 22, 1880.—The Middle Atlantic States partly cloudy with light, occasional rain, westerly winds, nearly stationary temperature and barometer.

A PREMATURE LAUNCH.—The ship *Fannie*, a large three-masted schooner, owned by the Stephen Morgan, from Taunton, was hauled up on the Marine railway at the ship yard yesterday, and when the superintendent of the yard, Mr. E. L. Goodale, left last night every thing looked secure. About 8 o'clock however a noise like rolling thunder was heard, proceeding from the yard, and to the astonishment of the men who were on duty, it was discovered that the ship, which block the ways, had by some means been broken away from their fastenings, coming the ship and the schooner to go down with a great crash, smashing a portion of the machinery in the engine room, damaging the ways and scattering large pieces of iron in every direction. The plating of the engine room having been left open, a column of steam rapidly filling with water, but a force being put to work at the pumps, the water was prevented from sinking. The ship sustained no serious injury. A further examination revealed the fact that three large cog wheels, and two shafts, weighing about a half a ton each, in the engine room had been broken, and a portion of the engine house torn out by the force of the explosion of the broken wheels. A piece of iron, weighing twenty-five pounds, was thrown as far as Royal street, a distance of one hundred yards. The loss, which is probably heavy, will be sustained by the Marine Railway Company, and the damages repaired immediately. This morning the plating of the schooner was hauled up by Geo. Travis, a diver, and she was immediately pumped dry. As everything about the railway was in good condition at the time, it is thought by the managers of the yard that the accident was caused by some unknown mechanical person, or persons, prying the rails away from their positions, but others think that it was simply a mishap that will happen again in the life time of the very vessel. The schooner was hauled up by the Marine Railway Company, and the damages repaired immediately. This morning the plating of the schooner was hauled up by Geo. Travis, a diver, and she was immediately pumped dry. As everything about the railway was in good condition at the time, it is thought by the managers of the yard that the accident was caused by some unknown mechanical person, or persons, prying the rails away from their positions, but others think that it was simply a mishap that will happen again in the life time of the very vessel.

SECOND WARD CONSERVATIVE CAMPAIGN CLUB.—A large and enthusiastic meeting was held at the Sun Spring house last night for the purpose of organizing a Second ward conservative campaign club.

Mr. Henry Strauss was called to the chair, and Mr. M. B. Harlow read the constitution. The chair stated the object of the meeting, and announced that nominations for president of the club were in order.

Mr. Leonard Marbury placed in nomination Mr. George O. Monroe, and Mr. George L. Smith nominated Captain K. Kemper. Messrs. George H. Harlow and P. E. Marbury were appointed tellers, and a vote taken, with the following result: Kemper, 53; Monroe, 14; and Captain Kemper was declared the choice of the meeting for president of the first organized campaign club of the city.

Captain Kemper, in a few well chosen and appropriate remarks, accepted the position and returned thanks for the honor conferred. The other officers of the club were then elected by acclamation as follows:

Vice Presidents—George O. Monroe, J. T. Beckham, John I. Foster, and John P. Ross. Secretary—Leonard Marbury.

There being no other business before the meeting, the newly organized club adjourned, and all to the call of the president.

CLOSING EXERCISES OF THE VIRGINIA HOME SCHOOLS.—The closing exercises of the Virginia Home Schools, for girls and girls, Miss Annie Simpson, principal, took place on Friday afternoon last. After a very pleasant entertainment, provided by the teachers for her pupils, and which was enjoyed by only a few people, the exercises were concluded.

For punctuality, scholarship and conduct, to Miss Campbell, Miss Johnson, Miss Markell, Miss Taylor, Miss Brown, Miss Dancy, George Fultz, Thomas Fisher, Wm. Reedon, Sandy Murray, Ida Lyles, Kate Fisher and Clara Fisher; improvement and conduct, to Miss Fultz, Miss Lyles, Wm. Wilder, Kate Hensley, Edith Goodrich and Annie Crump; scholarship, to Ernest Summers; improvement, to Frank Balleger; conduct, to Miss Kelly.

THE STEAMER GULFMASTER.—Notwithstanding the steamer *Gulfmaster* has been formally rejected by the United States Government for the Arctic expedition, Captain Howgate is determined that she shall make the trip. Saturday evening the steamer having received her provisions and other necessary stores, dropped down the river a short distance above Shepherd's, opposite this city, and last night, about quarter past nine o'clock, she steamed past this city, decorated with flags, presenting the appearance of an arm and taught a little craft as well as flat.

She will stop at Norfolk for a few naval supplies and then go to Halifax, after which she will touch at St. John's, N. F., for coal, and will proceed direct to Greenland. The water tanks, with a capacity of 8,000 gallons, will be filled with fresh water at Norfolk's Point, on the Potomac. Captain Francis Key, of this city, accompanies the *Gulfmaster* as the Captain's pilot.

OLD DOMINION COMMANDERY OFFICERS.—At a regular meeting of Old Dominion Commandery, No. 11, Knights Templar, held at the Asylum, in Masonic Temple, last night, the following officers were elected to serve for the ensuing year: Eminent Commander, Sir J. T. Beckham; Grand Secretary, Sir Matthew Kersy; Captain General, Sir Andrew S. Dunn; Senior Warden, Sir E. E. Downham; Junior Warden, Sir Edgar Warfield; Treasurer, Sir J. H. D. Smith; Secretary, Sir James E. Alexander; Prelate, Sir K. Kemper. The Commandery then called off until the next regular meeting in October, when the above elected officers and those to be appointed by the Eminent Commander, will be installed.

STATE SCHOOL CENSUS.—Mr. H. J. N. cut, clerk of the City School Board, is now engaged in taking the State school census. This census is made the basis for the distribution of the State school fund for the next five years, and is very important that every child's name should be registered, as each name is equivalent to five dollars to the public schools of the city. The late enumeration of the city is in no way connected with this, which is intended only to ascertain the school population, in order to draw one dollar from the State school fund for each person between the ages of five and twenty-one, in the next five years.

Mr. Joseph H. Young, of this city, is in the front of the census.

THE THEOLOGICAL SEMINARY AND HIGH SCHOOL.—The closing exercises of the Episcopal High School, near this city, L. M. Blackford, esq., principal, commenced to eight at eight o'clock, and a large number of ladies and gentlemen from this city have been favored with invitations. Right Rev. R. H. Wilmer, D.D., of Alabama, will deliver an address before the literary societies of the institution to night, and to-morrow afternoon at three o'clock the delivery of a Latin and a Russian for the scholars will take place. Governor Holliday, of Virginia, delivering the address before the students.

The closing exercises of the Theological Seminary will take place to-morrow at ten o'clock, when the alumni of the institution will meet, and at 8 p. m. a sermon will be delivered before the missionary society by Rev. J. S. Lindsay, of Georgetown, D. C.

The commencement exercises of the same institution will take place on Thursday as follows: Ten a. m., reading of essays by the graduating class, and on Friday the ordination services. St. Paul's church, in this city.

Bishop Wilmer, Bishop Whittle, Rev. Dr. Peterkin, of Richmond, Rev. James Grammer, of Ashland, Rev. Dr. Henckle, of Charlottesville, and Rev. Dr. Charles Minicogier, of Richmond, have already arrived. The two latter gentlemen, together with Rev. Mr. Sater of this city, are the examining chaplains of the Seminary.

Right Revs. T. U. Dudley, of Kentucky, Bishop of Africa, Peterkin, of West Virginia, and Bishop of Maryland, are expected to arrive during the week and take part in the ordination exercises. This will probably be the first time that six bishops ever met in a church in this city.

Bishop Live, of Delaware, who was expected to arrive has written a letter to the committee stating that owing to pressing Episcopal engagements, it will be impossible for him to be present.

Bishop Wilmer, of Alabama, who will deliver the address before the literary societies of the High School to night, is a former Alexandrian, his father having built St. Paul's church, and served as its rector for many years.

DELEGATES TO THE READERS' STATE CONVENTION.—The following is a list of the delegates from Fairfax county to the readers' convention, which meets in Richmond on the 7th of July: John E. Swift, E. D. Eicklin, R. H. Ford, Chas. Williams, J. C. D. Patterson, John W. H. Allen, J. H. Claggett, J. J. Marjors, J. M. Ketchum, E. C. Davis, Edgar Kidwell and L. Ascher Mekeley.

STUCK AN ICE SPIKE IN HIS FOOT.—A colored man named Henry Harris, while at work yesterday evening helping to unload the schooner U. B. Fish, lying at Mr. E. A. Reed's wharf, stuck an ice spike in the instep of his right foot, causing a painful wound. He was carried to his home, near the canal basin, in a wagon, where medical assistance was rendered by Dr. E. A. Stabler.

THE NEW SCHOONER.—Notwithstanding the accident last night, the shipyard presented its usual busy scene this morning. Forty-two outboarders are now kept constantly at work on the new schooner being built at the yard, besides those engaged on other vessels undergoing repairs there. It is thought that the new schooner will be launched in about two weeks.

FALL OF A SCAFFOLD.—While Mr. David Williams, a carpenter at the Virginia Midland depot, was at work on a scaffold around a car at that place yesterday evening, the temporary structure gave way, precipitating him to the ground below, a distance of about 12 feet. Mr. Williams, although considerably bruised about the body, sustained no serious injuries.

FIGHT.—A somewhat bloody fight took place on the wharf this afternoon between George B. Myers, a hand on the steamer *Harry Loder*, and George Myers, a German baker, from Washington. Myers was arrested and locked up in the station house for examination.

PERSONAL.—Judge Henry W. Thomas, of Fairfax, was in the city to-day. The health of the Judge has very much improved of late.

LOCAL BREVIETTES.—Rev. Dr. D. F. Sprague, of Richmond, editor of the Southern Churchman, is in the city. Harriet Lawson was arrested this afternoon for stealing \$1 from a colored woman living in the bottom near Windmill Hill.

The closing exercises of Wm. F. Greenwell's school will take place at St. Paul's Hall, Thursday evening next, at 4 o'clock.

The conservative readers' club threw to the breeze today from their clubhouse theats and stripes, in honor of the meeting of the Cincinnati convention.

An all day religious meeting is to be held near Germantown, Fairfax county, next Sunday. Ministers from Washington will be present to assist at the meeting.

The steamer T. V. Arrowsmith left Washington last night for Baltimore where she has been chartered by parties for \$14,000 to run excursions during the season.

The Cincinnati convention has been the topic of conversation to-day, and the bulletin boards at the telegraph office and telegraph offices have been eagerly scanned by anxious crowds.

There is to be a meeting at the Friendship Engine House to-morrow night for the purpose of organizing a Fourth ward democratic campaign club.

A double race will take place this evening on the Eastern Branch between men of East Washington. The contest is for the championship of the district of Columbia.

A match game of base ball was played between the Howards, of the Episcopal High School, and a Georgetown nine this evening, on the grounds of the former club near the school of which the members are students.

There was not a case at police headquarters this morning. The two colored women, Chapman and the mother of the girl Mary Ann White, charged with receiving the stolen goods mentioned in yesterday's Gazette, were discharged this morning by the Mayor.

C. T. Chell & Co., of Culpeper Court House, purchased a few days ago fifty bushels of wheat of the Fair variety from James Lightfoot, a well-respected old colored man of that county, the first new wheat offered this season at that place, for \$1.05 per bushel.

The Forty-first annual commencement of St. John's Academy will take place at St. Paul's Hall next Friday at 10 o'clock p. m. Leonard Marbury, esq., is to deliver the oration. The graduates are: R. L. Hoy, F. L. Wentzel, W. R. Springer, T. P. Bayne, C. T. Dieder, W. F. Lambert, and G. D. Carpenter.

Several of the census enumerators have placed their books in the office of the Clerk of the Corporation, and printed notices have been posted in conspicuous places notifying the people that the enumerators will be at the Clerk's office on the 28th and 29th of the present month for the purpose of revising their lists. The enumeration in the Fourth ward has not yet been completed.

Yesterday evening about seven o'clock at the wharf of the Potomac Ferry Company, a little boy, Willard Chob-hire, the son of Mr. Ephraim Chob-hire, captain of the steamer *City of Alexandria*, was struck in the back by the tongue of an anchor and knocked sideways into the ground, the front wheel of the vehicle passing over his ankle, cutting it badly, but fortunately breaking no bones.

The fifteenth section of the new liquor law makes it the duty of the judges of the circuit, county, and corporation courts to charge the grand jury at every term of their courts to inquire into and report on the violation of the liquor law and the grand jury is authorized to summon, and the commissioners of the revenue and constables before them to be examined as to whether they know of any one selling liquor without a proper license.

LAWNS! LAWNS! LAWNS!—Just opened this morning 100 PICES OF THE FINEST, RICHEST AND UNICEST PATTERNS OF LAWNS seen anywhere this season, at I. EICHBERG'S. jels 1w

TO-DAY'S TELEGRAPH NEWS.

Violent Deaths.
NEW YORK, June 22.—To-day has been remarkable for deaths from violence. A steamer passenger, William M. Zier, a Frenchman, jumped overboard this morning from the steamer *Utopia*, lying at pier 46, North river. He was drowned, despite the efforts at his rescue. The body of an unknown woman, handsomely dressed, was found in the North river, at the foot of Oge Hundred and Tenth streets. An anatomy and a child chased rings upon her fingers may afford a clue to her identity. The body of William Meahdy, an English sailor, was found, crumpled and shapeless, on the sidewalk in front of 225 Monroe street. It is supposed he fell out of a second story window while asleep. At the foot of Thirty-fifth street the remains of an unknown man floated ashore. The body bore marks of violence.

Large Haul.
HALIFAX, N. S., June 22.—The schooner and nets at Prospect were struck and filled on the night of the 12th by a very large school of mackerel. Experienced fishers say they never knew so many to come in at once. Some of the seines were carried away by sheer weight of fish. The American schooner *Orient*, of Gloucester, which arrived yesterday, stopped 100 barrels of Mackerel, with a purse since on Saturday off this harbor.

Suicide.
PHILADELPHIA, June 22.—Dr. Jas. A. McCrea, a prominent citizen of Philadelphia, committed suicide this morning by cutting his throat, at his residence. Dr. McCrea was in his 58th year, and for the past twenty years had been a member of the Board of Health. No cause, beyond a fit of temporary insanity, can be assigned for the act.

Killed by Lightning—Fatal Accident.
TRENTON, N. J., June 22.—During a storm late last evening, Joseph Foster was struck by lightning on the Pennsylvania Railroad, near this city, and instantly killed. Wm. Daub, of Elizabeth, was killed on the same road by being run over by a coal train. He had crawled under the car to keep out of the rain.

Fatal Rencontre.
DENVER, CO., June 22.—A special to the Republican from Louisville says that a Chinaman was killed and J. P. O'Brien severely wounded while the latter was quarreling with one Tom Hagan. O'Brien fired at Hagan, missing him, and killed Cunningham, when Doc Norton, who was present, fired at O'Brien, wounding him as described above.

Sudden Death.
TRENTON, N. J., June 22.—Benjamin Fisk, ninety-four years of age, died here this morning while eating his breakfast. He was known as the most reliable man in his line in New Jersey, having been one of the original promoters of the Camden and Amboy railroad in 1832.

THE PIQUANT and charming actress, Miss Maria Mordant, of the Broadway Theatre, New York, was taken suddenly with a severe headache—was unable to perform; a friend recommended Giles' Liniment Iodide Ammonia; the cure was rapid and complete. Giles' Liniment Iodide Ammonia. Sold by all druggists. Send for pamphlet. Trial size 25 cents.

NEWS OF THE DAY.

W. W. McKaig, esq., of Cumberland, died in that city yesterday, aged 75 years. The Coleraine Iron Company, at Kidlington, Pa., has suspended.

At Havana up to June 15, there were thirty deaths from yellow fever, and nineteen from smallpox.

John W. Garrett, president of the Baltimore and Ohio railroad, sailed for Europe last Saturday.

President Hayes remained at Columbus, Ohio, yesterday, and went to Gambier to-day to attend the exercises at Keayon College.

The returns of the census enumerators for Wheeling, W. Va., place the population at 31,671, a growth of 12,663 in the past ten years.

Dispatches from various parts of Texas show general dissatisfaction and indignation at Currie's acquittal.

The epidemic at North Adams, Mass., which is believed to be caused by impure water, is still prevalent there. Twenty new cases and relapses have been reported since Saturday.

A heavy thunder storm passed over Attleboro', Mass., yesterday, doing considerable damage. A jeweler of North Attleboro', was struck by lightning and instantly killed. Several persons received severe shocks.

Haslan is not permanently injured. His illness arose from overwork, and the doctor prescribes absolute rest from rowing for several months. Haslan, however, will be able to go to England and train for the Triquet match.

I. M. Kallebo, of San Francisco, having been released from arrest on the charge of killing Charles De Young on account of a defect in the proceedings, and immediately re-arrested on a new complaint, was yesterday held to answer without bail.

Captain Young of the Narragansett, who, on Sunday evening, interrupted the sermon of the Rev. Mr. Harcourt, in Jersey City, with an assertion that he had, was discharged from custody of the police—no complaint appearing against him.

A storm around Napanee, Ont., Sunday, did great damage. Five and a half inches of water, on a level, fell in less than two hours. Hail stones as large as better nuts fell for an hour, covering the ground. Fowls were killed by dozens, large quantities of glass broken, and whole fields of rye and barley destroyed.

George Thompson, colored, who it is claimed killed Milton B. Frank, captain, and Wm. Gage, colored, cook of the Baltimore schooner *Micopette*, in James river, on May 31, was arrested at Havre de Grace on Saturday, and was yesterday fully identified by Wm. W. Selby, mate of the schooner. He is in jail awaiting a requisition from the Virginia authorities.

VIRGINIA NEWS.
Many deaths have occurred lately in Brunswick county, from malarial fever.

The Cove Presbyterian Church, in Albemarle county, near Charlottesville, was completely wrecked by the storm of last Saturday night. It was built of brick, and erected in 1840.

Mr. W. C. Elam, editor of the Richmond *Whig*, recently wounded in a duel has so far recovered as to have been able to leave his home, in Louisa county, last Saturday.

Mr. Charles H. Price, one of the oldest citizens of Henrico, died Sunday evening at the advanced age of 83 years. He attended the famous Aaron Burr trial.

Mrs. Dr. Woodbridge, the widow of the late Rev. Dr. Woodbridge, for so many years rector of the Monumental church, Richmond, died in that city Saturday, and her funeral took place on Sunday evening from the Monumental church which was crowded. Nearly all the Episcopal ministers of the city were in attendance.

Sergeant Dudley Gilman, for a quarter of a century a valued member of the police force of Richmond, and for more than half that time a sergeant, died suddenly yesterday evening. At 12 o'clock he seemed to be in first rate health. Subsequently he went home, and unlocking his front door, took a seat on a sofa, where he died very suddenly and without a struggle, as he appeared to be in a quiet sleep.

The trial of the case of the Reynolds brothers, colored, which was removed from Patrick county to the Circuit Court of Danville, commenced at the latter place yesterday. Burwell Reynolds was arraigned for the murder of Aaron Sheldon, a white man. A mixed jury of eight whites and four colored men was obtained from a special venire. The trial is proceeding, and may continue several days. At its conclusion Lee Reynolds will be put on trial.

FOREIGN NEWS.
Capital punishment is abolished in San Domingo.

The Berlin conference will meet again to-morrow.

Garibaldi has been elected by Prince Chigi in an Italian election.

The amnesty bill passed the French Chamber of Deputies by 333 to 140.

News from Cuba confirm the reports of a general rising in Central Asia.

A revolution has broken out in Buenos Ayres, and the city is besieged.

The Wesleyan Chapel, London, founded by John Wesley, partly destroyed by fire in December, has been restored, and was reopened Sunday.

It is reported that a friend of M. Lacour, French minister to England, has sent a challenge to Mr. O'Donnell, M. P., to fight a duel, but that the latter declines.

The election of M. Trinquet, the French Communist, as municipal councillor for the Pere la Chaise quarter, will be annulled and a new election will be necessary.

A CHEAP DISINFECTANT.—At this season of the year disinfectants are not only needed in the gutters and sewers, but in a great many of the private lots about the city. Indeed there are few premises that do not need them. In the New York Herald we find the "chloride of lime" recommended as the cheapest and most effective disinfectant, and its preparation is given: To prepare a solution of chloride of lime on a small scale for family use, take one eighth of an ounce of nitrate of lead and dissolve it in one quart of boiling water; then dissolve one ounce of common salt in five gallons of water, pour the two solutions together, and when settled pour off the clear mixed solution and keep well corked in a demijohn or jug for use. A cloth wet with this and suspended in the room will neutralize all offensive vapors, and a little dashed into a privy, sink, drain or sewer, will disinfect and destroy all noxious gases by combining with them. It is said to be a general use in England for purifying sewers.

INDIA LINEN AND MULL, in blue, pink, cream and white; also Lined Dress Goods, received to-day by

D. F. BRASHEAR.

WINDSOR COFFEE POTTS! WINDSOR COFFEE POTTS! We have just received an invoice of the above celebrated Coffee Pots, which are pronounced "the best" by all who have used them.
